

### MLP Building Products

As of January 1<sup>st</sup>, 2007, Midwest Lumber Products will officially change its name to MLP Quality Building Products. We feel the name change better reflects our company's mission of distributing a variety of quality specialty products to the building industry.

Nothing else has changed. You will still be dealing with the same qualified and experienced sales people, the best service in the industry, and the highest quality building products.

Give us a try, call MLP Quality Building Products today!!

### Tiger Deck Products in 2007

MLP will begin distributing Tiger Deck Products in 2007. Tiger Deck is made from one of the most common and beautiful South American hardwood species.

Tiger Deck is harvested under selective and sustainable logging practices and is replanted under strict guidelines. It is not a threatened or endangered species.

- Full product line of decking, paneling and interior flooring
- Kiln-dried, processed and graded in the USA
- Strong enough to span a 24 inch joist with 5/4 deck boards
- Patented hidden fastening system
- Turns a beautiful silver grey, or use a UV inhibitor to preserve the natural color

Visit our booth at Homeshow 2007 in March to see this new product or visit their website [www.tigerdeck.com](http://www.tigerdeck.com) for more information.

### NAPCO

The Vinyl Siding Institute, Inc. (VSI) has announced a call for entries for its 2007

Awards of Distinction. The program showcases both the aesthetic and functional qualities of vinyl siding.

All projects submitted are required to use vinyl siding certified through the VSI Vinyl Siding Certification Program.

Entries may be submitted by contractors, remodelers, builders, architects, homeowners and manufacturer members of VSI. Entries for the 2007 contest will be accepted through February 16, 2007.

Entry forms are available at [www.vinylsiding.org/aboutsiding/aboutvsi/awards](http://www.vinylsiding.org/aboutsiding/aboutvsi/awards) or contact our office for the entry forms. Good luck to all the entrants!

### Solatube

SOLATUBE

Solatube has announced improvements to their product line for 2007. The major changes will be seen in the domes and diffusers. The reflected light will now be brighter and clearer than before. The other change will be in the vent kit for the 10" Solatube. The installation will be easier with less steps and no need to modify the hole cut into the ceiling to accommodate the duct. Also the zip ties and clips have been eliminated from the bottom tube / diffuser assembly. The domes will have a stronger mounting via a "snap-on" installation that eliminates the mounting screws.

*In the spirit of the season,  
all of us at MLP  
extend to you a sincere  
appreciation for your  
confidence and loyalty.  
Thank you and best wishes  
for a wonderful Christmas  
season and a happy and  
prosperous New Year.*

*We would also like to recognize the brave men and women  
in our Armed Forces. Thank you so much for  
your service, being away from home, family and friends.  
Thank you for keeping us free and come back safe and soon.*
